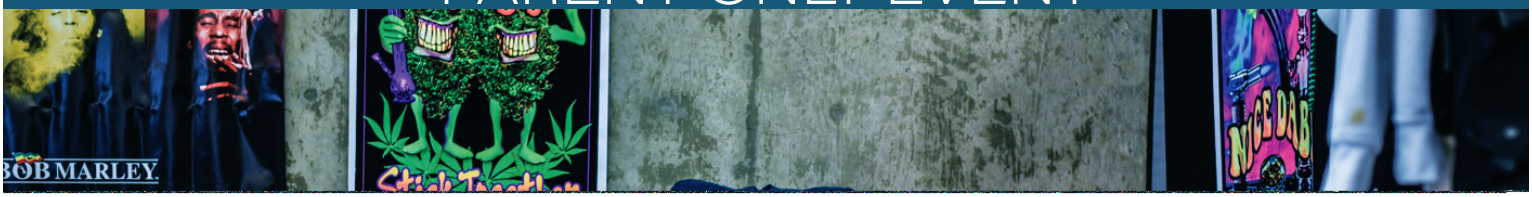
PARENT ONLY EVENT



Would you see the signs of youth alcohol or drug use in your home?

HIDDEN IN PLAIN SIGHT

**Looks can be very deceiving –
especially if you don't know what to look for.**

Come to a "Hidden in Plain Sight" exhibit and learn what to look for and what to do if you do find something.

The "Hidden In Plain Sight" initiative helps parents spot signs of at-risk behaviors, using an interactive display of a teenager's bedroom. After walking through the display, participants will learn more about adolescent development and common signs of substance use provided by professionals in treatment, law enforcement, substance abuse prevention and other parents.

This exhibit educates and empowers parents to communicate with their children about at-risk behavior that could lead to substance use disorders. A strong parent-teen relationship is the most effective tool to prevent youth substance use.
